MUSIC in SALISBURY

We are Laura and Nicola and we're the music reporter for our magazine.

We have been staying in Salisbury for two weeks and we understood that here, like in the rest of England, music is more popular than in Italy and young and minor groups are more considered and helped.

Lucky, Friday night we discovered a music studio next to our school for 12-25 years old groups.

We met four groups

for this studio.

FAVOURITE

sports

IN SALISBURY

Sports are very important for everyone because they help the body, the mind and are fun at the same time -

This is reason why we have chosen this subject.

There are many types of sports:

DANGEROUS SPORTS (F1 → SCHUMACHER KO. FOR 6 WEEK)

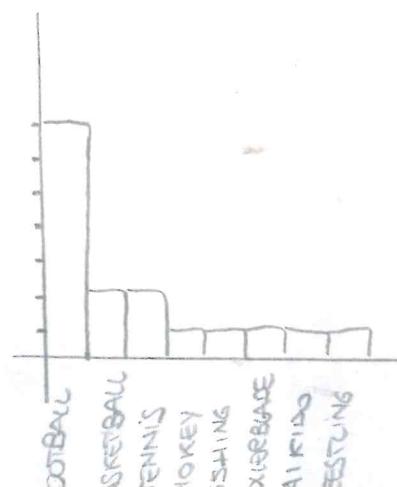

FUN SPORTS (FOOTBALL - VOLLEYBALL - CRICKET) and
OF PRECISION SPORTS (GOLF)

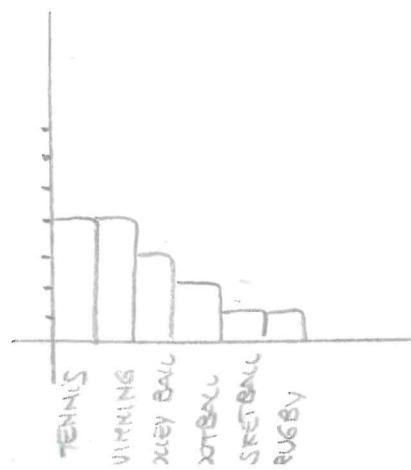

Last week we did a SURVEY about sports in SALISBURY and we asked many people,
especially young people -

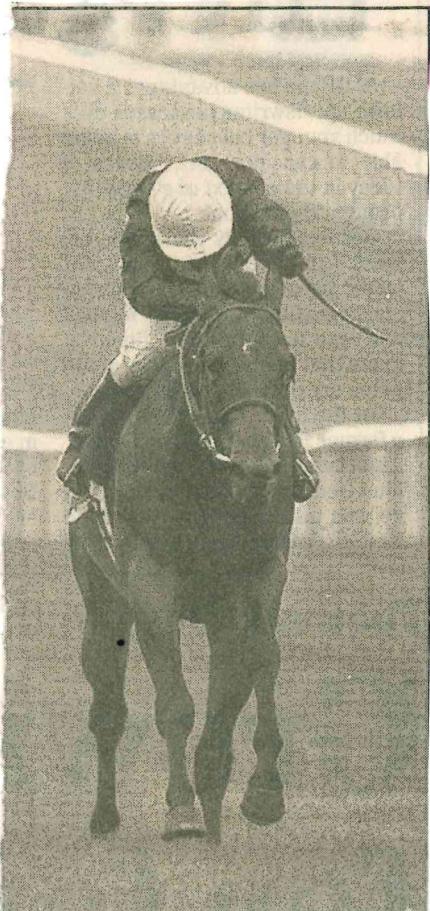

We have discovered that the favourit sport for boys is "football" and for girls it's "tennis and
swimming". This graph represents all data that we had GATHERED :

The winner is ... SWANAGE!!!

A popular holiday resort
which is loved by a lot of students
for its beautiful beach

where a lot of guys enjoyed

very much themselves

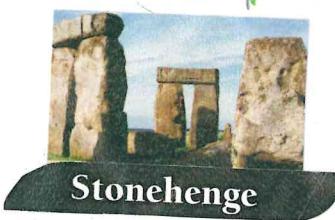

having excellent baths -

Its shops are very
beautiful & famous but too expensive!

And the second place
there is Bath because
its Roman Bath are very
interesting ...

Definitely the most
mysterious place is

because no-one knows
the real reason for its
existence. It is also
called "The temple of the Sun".
